TOP HOB WITH 4 ELECTRIC HOTPLATES

Electric hob constructed in AISI 304 stainless steel. 15/10 thick pressed top, designed for back-to-back alignment and to accommodate the water column accessory. Recessed top to contain spills. Square 220x220 mm sealed hotplates in cast-iron with 2.6 kW output. 7-position selector switch for heat adjustment. Activation of heating signalled by an orange indicator led on the control panel. Hotplates equipped with automatic reset safety thermostat which trips in the event the appliance is switched on with an unsuitable pan or no pan at all. Indicator leds for verifying correct appliance operation.
